

## COMMISSIONERS DECIDE ON TOLL FARES SCHEDULE

Minimum Fare for Person Is One-Half Cent-  
Each

**WILL ISSUE COUPONS**  
Believed Revenue Will  
Be About Same As At  
Present

A graduated scale of tolls over the St. Johns river bridge has been finally decided on by the county commissioners, placing the minimum at one-half cent per person, with a maximum, sold in coupon books of two and a half cents each. The scale of prices is as follows:

10 tickets, 21-2c each	\$0.25
20 tickets, 21-4c each	.50
50 tickets, 2c each	1.00
100 tickets, 13-4c each	1.75
200 tickets, 11-2c each	3.00
500 tickets, 11-4c each	6.25
1,000 tickets, 1c each	10.00
2,000 tickets, 3-4c each	15.00
5,000 tickets, 1-2c each	25.00

A pleasure car or truck will pay four fares to include the driver, with each additional passenger paying one fare. This will make an automobile with driver ten cents each way under the scale for a 5,000 ticket book. It is believed that this will make the cost about the same to the constant users if the yearly pass privilege had not been abused.

Passes will be issued by the commissioners until the coupon books have been printed and are ready for issuance. After that nothing but the coupons will be accepted for tolls.

The commissioners take the view that if this scale is not equitable, after a fair trial, that such changes can be made as to make it equitable.

## CAME 15 MILES FOR MORE RECUMA

Quick Return of Wife's Strength and  
a Gain of Forty Pounds in Weight  
Related by J. M. Smith.

Jacksonville, Nov. 9.—Last Saturday the crowds in Williams' Pharmacy waiting to get RECUMA witnessed an unusual sight when Jim Smith, of Crawford, Fla., came into the store and insisted on seeing the RECUMA man.

"I came all the way from home to tell you how much good your RECUMA did for my wife," said Mr. Smith. "Mr. Williams told me this RECUMA was the best medicine he had ever seen, and that it would bring her strength back so she could do her work around the house once more."

"But it did more than that. She has also gained forty pounds, and she now weighs a hundred and sixty pounds. Why, she got well so quick we couldn't realize that it was true."

When the RECUMA man first came here, he said that the many people who had gotten the medicine would be back in about a week to tell him of the miraculously quick results they would get by using RECUMA. This prediction is being borne out from the tone of Mr. Smith's story of his wife's return to health and strength in only a few weeks.

## CHARLEY FLINN IS DEAD FROM HURT BY TROLLEY CAR

Remains to Be Brought  
to Palatka for Interment

Shortly after a telegram was received yesterday that Charley Flinn, son of the late John J. Flinn, had been injured by being run over by a trolley car at Gulfport, Miss., another telegram was received announcing that he had died. The first telegram announced that he had suffered a broken hip, a broken arm and internal injuries, but that it was impossible at that time to ascertain the extent or the seriousness of the injuries.

"I was just a few days ago that the bright little lad was in Palatka, called here on a sad mission. His father had died in a Jacksonville hospital, and he was grief-stricken. Patheos is added to his untimely death by the recent passing over of his father, and the community is sorrow-stricken."

Charles was born in Palatka August 6, 1910, and resided here for several years before he was sent away to school. He was under special charge of Walter McNally, administrator for the Flinn estate, who is at present ill in a Jacksonville hospital.

The remains will be brought to Palatka tomorrow morning and the funeral will take place Sunday afternoon at 3 o'clock from St. Monica's Catholic church, Father Monahan officiating. Interment will be at Oak Hill cemetery by the side of his father.

No details of how the accident which caused the boy's death have been received here other than the two telegrams.

## Inactive Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a trembly feeling is often a sign that the stomach is out of order. For this I took Theford's Black-Draught, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

## Coroner's Jury Acquits Coleman of Murder Charge

Robert Coleman was yesterday acquitted by the coroner's jury of any blame in the matter of the death of Jack James. Coleman was arrested Sunday at his home at Crescent City on a murder charge following the shooting and death of James at an early hour Sunday morning. Both were negroes.

The inquest was held under direction of Thomas B. Dowda, acting coroner, at Crescent City, and the jurors were residents of that community. Evidence showed that because of some disturbance during Saturday night many negroes had armed themselves, and later on there was much drinking. It was following a row that Coleman was apparently driven to his home by James, and then Coleman, in order to protect himself, pulled his gun and shot.

The verdict of the jurors was to the effect that the act of killing was done in self-defense.

**Pasha Getting Some Sense.**

Paris has a report that Ismet Pasha, nationalist foreign minister, has begun to take "sounder views" and has offered to co-operate with the allies in certain administrative matters in the Constantinople region. But according to diplomatic news in The Daily Telegraph, the allied commanders are unable to take such offers seriously, as they are no sooner made at Constantinople than they are repudiated at Angora.

The various powers have not yet agreed on what to do about getting the Near East peace conference at Lausanne started. The nationalists continue to clamor for getting down to business next Monday, and the French apparently want to accommodate them, but the British feel a postponement is highly desirable.

The text of Russia's reply to the invitation of the allies for the soviet

plenipotentiaries attending the Lausanne conference merely during the discussion of the straits, has been received here. It reiterates the views expressed by Foreign Minister Tchitcherin in his note of October 20, contending that the exclusion of Russia from the whole conference proves the allies have decided to deprive

Turkey of the fruits of her victories. The reply insists that the Moscow government and the governments of the Ukraine and Georgia should be given full participation at Lausanne. The Russian notes demand a quick answer, but it is stated here that the allies most likely will not send a reply to Moscow.

Meanwhile, although apparently remains in Constantinople, Hamid Bey, Angora envoy started for Smyrna with gal and financial advisers be joined there, it is understood Ismet and other members of the delegation and all others to Lausanne together.
